

**DEEP BUTTONED FOOTSTOOL  
WITH SEW VINTAGE  
THURSDAY 15 – FRIDAY 16 JULY 2021  
10AM – 4PM**

***What will you learn?***

This is a two-day workshop during which you will learn the beautiful and traditional technique of deep buttoning on your own footstool. You will be taken step by step through the process enabling you to create a lovely bespoke piece of furniture. You will be provided with a craftsman made frame (including tulip legs) and all the materials, notes and tuition needed to complete your footstool.

***Who is your tutor?***

Sew Vintage is a business run by sisters Sophie and Victoria, specialising in vintage and hand-made home furnishings, upholstery and painted furniture. Selling their wonderful range of items from The Malthouse Collective in Stroud Salmon Springs Trading Estate, Painswick Road, Stroud GL6 6NU. Tel. 01453 755800.

The sisters also run weekly upholstery leisure classes along with a range of exciting workshops throughout the year. These include footstool making, drum lampshade making and many more.

***What will I need to bring?***

Please bring with you 1.5 metres of your chosen upholstery top fabric. Avoid plaids and checks for deep buttoning as the technique will distort the pattern. Wool, linen and velvet are all good fabrics.

Windows in all rooms will be opened to improve circulation so you may want to bring an extra layer of clothing such as a light jumper or cardigan.

### **How much will it cost?**

All other materials are provided in the workshop cost.

### ***How do I find Kingshill House?***

Kingshill House can be found in Kingshill Lane in Dursley, on the road down to the new hospital. The entrance is opposite the Fire Station. The address is: Kingshill House, Kingshill Lane, Dursley, Gloucestershire, GL11 4BZ.

### ***Is there parking?***

Kingshill House has a large free car park on site.

### ***What about refreshments?***

We will provide morning and afternoon refreshments and a light lunch. (if you have any dietary requirements please send a mail to [admin@kingshillhouse.org.uk](mailto:admin@kingshillhouse.org.uk) )

## **Answers to your Coronavirus questions?**

### **Is Kingshill House open?**

In line with the Government guidelines, we are due to re-open for our students in May 2021, offering a large range of art-based classes & workshops, in small groups, within a Covid-secure environment.

### **I am attending a workshop, what preparations have you made ahead of my visit?**

Throughout the past year, the interior of the building has had a complete redecoration. Every room in the public area of the house has been given a fresh coat of paint.

Following every workshop, each room and its contents will be thoroughly cleaned to a high standard.

We have reduced the numbers of students per workshop, to between 6 & 8 students, plus the tutor. Our building is spacious, and we have extra-large training spaces for workshops to take place in.

### **During workshops, how will you support social distancing?**

We have set up our extra-large training spaces with individual workstations, at a distance of two metres apart, one for each individual student plus a 'demo' station for the tutor.

All training rooms have large, fully operational windows and a main entrance door. These will be opened during the duration of workshops to ensure each room has adequate ventilation.

Wherever possible, workshop tutors will make use of alternative methods to assist with demonstration techniques for example, close-up live projections.

Where there is more than one workshop running in one day, we will stagger the break and lunch times, to minimise the number of people using the same communal areas at once.

### **Do I need to wear a mask whilst attending workshops?**

You will need to wear a mask when you are in the public areas. However, when you go into your classroom or refreshment area you can remove your mask if you want, whilst being careful to maintain a 2-metre distance.

### **Will there be hand sanitiser available?**

Generally, each room will have facilities so you can wash your hands regularly (or your room will be in close proximity to the restrooms). We have a hand sanitiser dispenser which we will ask you to use on your arrival at Kingshill House. You can continue to use this sanitiser regularly throughout the day or please feel free to bring your own.

### **During your visit to us?**

You may be asked to follow arrows, follow a one-way system, or wait until facilities like the WC is clear before you use it. It is vital that you follow these instructions – they are for everyone's safety.

To avoid overcrowding in passageways and entrances, we will stagger the break and lunch times for all workshops running on the same day.

### **Will lunch still be provided and what food/drink can I expect?**

Refreshments and Lunch will be served to you at allocated break times and will be served to you by a designated server.

### **How is my safety and that of the staff being managed at break/lunchtime?**

The safety of our students and staff is our priority. To ensure that social distance is maintained we will be implementing the following:

- Designated server for drinks.
- Drink orders will be taken from you during class and bought to you once prepared.
- Hand sanitiser will be available, and students will be encouraged to use it.

### **If I feel unwell ahead of a workshop, should I attend?**

You should not attend. If you are able, you should contact us to let us know that you are unwell as soon as possible. Unfortunately, we are not able to offer refunds for cancellations, but we will consider issuing you a credit note equivalent to 50% of the workshop fee that you can offset against a future workshop. You can contact a member of the office team on 01453 549133 if you wish to discuss it further.

### **Lastly...**

When you attend a workshop with us, our aim is for you to enjoy your time here, to relax and to totally absorb yourself in a new, chosen creative skill. Hopefully, the measures we have taken to ensure your safety, will remove any worries or concerns you may have had about being in a workshop environment again.

Please understand that we are working to new procedures and we might not get it right straight away. As always, we are open to suggestions and constructive feedback, so if you do attend a workshop and something is not quite right, then do tell us and we will do our best to put it right.
